

Westlaw UK Edge

Case Law Research and Analytics

Objectives

Sign up for our deep dive into the advanced functionality of Westlaw UK Edge* Case Law content and analytics. Ideal for users wanting to make the most of their subscription, this session will show you all that you need to know to save time, feel more confident, and gain strategic insights.

Case Analytics on Westlaw Edge UK provides the ability to efficiently pinpoint relevant and related cases and to easily expand and focus your research. A Precedent Map allows you to visualise your source case analysis in a graphical and interactive manner. The Treatment Chart shows how the source case has been subsequently cited by other cases, further broken down by keywords or type.

Note: **Westlaw Edge UK content and features are only available with the relevant subscription*

Learning Outcomes

At the end of the session participants will have the confidence to navigate Westlaw UK Edge Case Law more effectively. The session will cover the following:

- A refresher on navigating Search Term Connectors to structure a search
- Utilising the Case Law advanced search template to search for case law, by party names, citation, subject or keywords
- A detailed look at the Case Law Analysis page, including the Case Digest, and primary and commentary references
- Establish the meaning of the status and authority signal interpretation for Case Law
- How to find related Case Law on similar subjects or keywords directly from the Case Law Analysis page
- Using the Case Analytics Tool to improve your Case Law research, including the Precedent Map and Treatment Chart
