Westlaw Precision Australia

AI-Assisted Research

Course Description

This 30-minute session will explain how the AI-Assisted Research tool works to help jumpstart your legal research. You will learn best practice on how to craft a query, apply follow-up questions and validate results.

In this session we will cover the following:

- What is the AI-Assisted Research in Westlaw Precision Australia?
- What content is the AI tool searching across?
- Best practice tips on how to ask a question using the AI tool.
- Demonstrate an AI-Assisted search.
- Review Results – Summaries and supporting authorities.
- How to Ask a Follow-Up Question.
- Delivery Features – Print, download or email.
- View a list of previous questions via the History icon.
- Discuss when not to use the AI tool.

Session Duration

Approximately 30-minutes (0.5 CLE/CPD).

Session Delivery Methods

Online via Microsoft Teams. **Note:** The Webinar session allows participants to view the trainer's computer screen. At no time does the trainer access your computer.
